OBSERVATIONS

OBSERVATIONS

Modus operandi used to siphon money from NLC through various NPO and NPCs.

- Misuse of proactive funding provision in the NLC Act
- Inadequate project management
- Lack of monitoring and evaluation
- Collusion between NLC officials and NPO and NPCs.
- Collusion between some board members, members and NPO and NPCs.
- Abuse of NPO and NPCs.
- Hijacking of NPO and NPCs,
- Ineffective Auditing of project.
- Maladministration in the approval of grants.

SYSTEMIC RECOMMENDATIONS

SYSTEMIC RECOMMENDATIONS

- All current proactive funded projects should be captured in the grant management system/ Fusion system.
- The system is designed in a manner in which it is unable to detect different applications for grant funding made by one individual using NPO's/ NPC's. The SIU recommends that the NLC procure an integrated system that is able to detect such abnormalities.
