- c) Service Delivery (Registration statistics)
- d) Enforcement
- e) Client engagement
- f) Intellectual Property(Innovation and Creativity)
- g) CIPC challenges during 2021/2021
- h) Financial Information

2. Quarter one(1) 2022/2023

- a) Highlights
- b) Q1 Performance
- c) Financial Information

CIPC FOCUS AREAS FOR 2021/2022

In support of the Joint-KPIs, the CIPC in particular, focused on the following four areas:

- Building a modern, world class regulator,
- Promoting ease of doing business,
- Strengthening its regulatory capabilities, and
- Leveraging its networks and data to expand its impact and those of third parties, including its collaboration parties.

BUILDING A MODERN, WORLD CLASS REGULATOR

- Obtained a Clean Audit for six(6th) consecutive financial year
- The Learn-i-Biz programme (director e-learning programme) was launched on 18 October 2021, in order to educate new and inexperienced company directors regarding their duties and responsibilities. This platform will capacitate business and potential entrepreneurs with Company law knowledge and improve compliance rate in terms of statutory compliance requirements.
- The CIPC also approved the business case for the development of the Beneficial Ownership Register. Currently, there is no law defining beneficial ownership in South Africa. Amendments to the Financial Intelligence Centre Act, currently under review, include a definition of beneficial owner. According to the draft, 'beneficial owner' in respect of a juristic person, means a natural person who, independently or together with a connected person, directly or indirectly, including through bearer share holdings—
 - (a) owns the juristic person; or
 - (b) exercises effective control of the juristic person;

PROMOTING EASE OF DOING BUSINESS

- The CIPC accelerated its modernisation efforts with the use of 4IR technologies, automating processes and migrating services to new platforms such as BizPortal and New e-services.
- Benefited customers by making it easy to access services and the reduction of time to transact with the CIPC.
- The CIPC met the demand placed on it by its clients on its services through application of its modernisation, and innovation and collaboration strategies, and continuous improvement and operational excellence strategies that are tactical in nature.
- Use of multiple channels, migration to modernised platforms and collaboration with strategic partners contributed to its success.
- Over 90% of filings were processed within the published service delivery turnaround times, further showing an improvement in the average turnaround times.
- This was attested through excellent customer satisfaction scores, call centre – 78%, Facebook and twitter – 78%, and Self Service Centres (SSCs) – 82%.

STRENGTHENING ITS REGULATORY CAPABILITIES

- CIPC continued to strengthen its regulatory capabilities through its substantive search and examination programme .Significant progress has been made in building the patent Substantive Search and Examination (SSE) capability.
- Through virtual methods, the education and awareness programme reached a larger audience. This increases awareness of the CIPC and its partners' services, channels and compliance requirements; increase the protection of local innovation and creativity; as well as build respect for IP, and more importantly the fight against counterfeit goods.

LEVERAGING ITS NETWORKS AND DATA TO EXPAND ITS IMPACT AND THOSE OF THIRD PARTIES, INCLUDING ITS COLLABORATION PARTIES

- The IP for SMME Capacity Development Programme is a national flagship programme spearheaded by the CIPC in partnership WIPO and the National Task Force Team comprised of the dtic, Department of Small Business Development (DSBD), Small Enterprise Development Agency (SEDA), NIPMO, and several research institutions.
- IP for SMME, and the Inventor Assistance Programme make the patent system more accessible to financially under-resourced inventors and small businesses respectively, thus ensuring that there's more inclusivity in the use of the IP system.

ANNUAL PERFORMANCE 2021/2022

1. Annual Report highlights
2. Overall performance
3. Programme Performance overview
4. KPI's not achieved

2021-22 ANNUAL REPORT HIGHLIGHTS

- Clean Audit
- 81% KPI targets achieved
- Organisation re-design ongoing
- Automation and digitisation efforts:
 - Services such as Company Registrations, Co-operatives Registrations and Changes/Amendments have been reduced to **less than a day**.
 - Services such as Annual Returns Filing, AFS filing and Changes are **instant**.
 - Customer satisfaction over 75%
- Strengthening BizPortal and New e-services platforms to further automate CIPC's services and to improve its payment options (card payments)
- The Learn-i-Biz programme (director e-learning programme) was launched on 18 October 2021.
- Beneficial Ownership Register Business Case Approved
- Substantive Search Examination Capabilities
 - Patent examiners trained
 - Implementation of Experiential Learning
- Piloted machine learning through the introduction of a Chatbot which is being enhanced currently

2021-22 ANNUAL REPORT HIGHLIGHTS(CONTINUED)

- Implementation of Inventor Assistance Program through collaboration with WIPO – Inventors matched with pro-bono patent attorneys
- Patent Examiner Training through EPO, Swiss SA IP Collaboration, BRICS IP Offices (India and China) and JPO
- 13th BRICS Heads of Intellectual Property (IP) Offices (HIPO) Meeting hosted virtually by India. The IP work stream focuses on leveraging the strategic partnerships to advance IP policy goals; harmonising the IP environment, and supporting the overall BRICS objectives.
- CIPC delivered education and awareness programmes utilising online tools- MS Teams platform, Zoom and Radio
- CIPC in partnership with World Intellectual Property organization successfully hosted and delivered the WIPO SA IP Summer School and Technology Transfer. SMMEs benefited from this developmental programme
- The WIPO SA IP Summer School featured the high schools around Durban which exposed the learners to presentations by IP experts. South Africa was applauded by WIPO for successfully hosting the IP Summer School virtually for the second time

2021-22 ANNUAL REPORT HIGHLIGHTS CONTINUED

- Collaboration partnerships TRAINING and CAPACITY BUILDING with SAPS, SARS, NPA and other government agencies create an intergrated approach towards IPR enforcement.
- Education and Awareness : improved compliance creating and supports the ease of doing business.
- Partnerships on education and awareness with private sector are maintained and improved in the
 - fast moving consumer goods including alcohol, games and toys
 - pharmaceuticals, and
 - creative industries

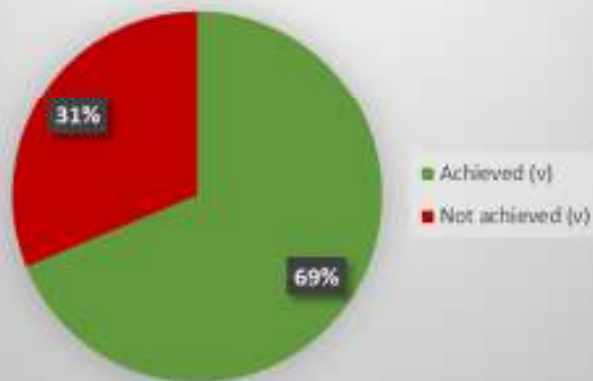

OVERALL PERFORMANCE (KPIS)

PROGRAMME PERFORMANCE OVERVIEW

**Programme 1 – Service
Delivery and Access**

**Programme 2 –
Innovation and
Creativity**

**Programme 3 – Business
Regulation And
Reputation**

KPIS NOT ACHIEVED

- OD process delayed due to stakeholder consultation process
- K2 migration – organisation optimised other platforms and redirected the use of K2 for internal processes
- Delays in the implementation of the enhanced Bizportal and e-services functionality due to DHA dependencies and resource constraints
- Website slightly underperformed (by 1%) due to data harvesting and potential security threat
- Design registrations under-achieved by 14% as the processes are mainly manual

Active = matters which successfully commenced and which have not ended.

Termination = matters which successfully commenced and which ended by the filing of a termination notice.

Substantial = matters which successfully commenced and which ended by the filing of a substantial notice.

Liquidation = matters which successfully commenced and which ended by a liquidation court order or application. Ending by a liquidation application occurred predominantly in the beginning years of business rescue and now it is only direct court orders for liquidation.

Set aside = matters which successfully commenced and which the court has set aside the proceedings without commencing liquidation.

Nullity = matters became a nullity for reasons stated in section 129 namely no BRP appointed, no notice or preceding liquidation.

TARGET AUDIENCE

- In the past financial year, the following target audiences benefited:
 - Tertiary Institutions across the country (Universities and Tevet Colleges)
 - High Schools learners
 - Small Medium Enterprises (SMEs) and individual entrepreneurs
 - Film Commissions in the provinces (Gauteng and KwaZulu-Natal and Durban Film Office)
 - African continent through WIPO SA IP Summer School
 - Public at large through community based structures
 - CIPC staff through internal workshops on intellectual property
 - Four collecting societies benefited from three workshops hosted by CIPC and the Swiss IP office

COLLECTING SOCIETIES

- One of the **key regulatory function** of CIPC is to approve Distribution Plans from both IMPRA and SAMPRA
- The Distribution Plan shall be based on the data of usage of music repertoire played and consumed by users and shall identify all performers and record producers whose music repertoire were played to reflect actual use
- CIPC has been performing the after distribution audit (by an independent audit firm) to ensure that performers and record producers are paid per actual use and also to ensure that collecting societies only deduct 20% admin costs as permitted by the Regulations on Collecting Societies
- In the last three years CIPC noticed better collection of royalty by SAMPRA
- Regular meetings are held with the two collecting societies to encourage compliance and also provide direction of how such compliance can be done
- During this financial year three workshops in partnership with Swiss IP Office were held to build capacity to the collecting societies

CIPC CHALLENGES DURING 2021/2022

- **Data security breach** - System problems and an attempted security breach posed a risk to data in the CIPC registers. However, swift action resulted in unsuccessful attempts to hack data. All staff are since the occurrence in the second quarter of the previous financial year undergoing stringent
- **Dependency on DHA** for all transactional services – DHA downtime = CIPC downtime; mitigation involves building a fail-over solution

2022/23 QUARTER 1 REPORT

2022-23 QUARTER 1 REPORT HIGHLIGHTS

- Automation and digitisation efforts, including migration to BizPortal, and New e-services platforms and IPAS
 - Maintained service delivery turnaround times, reducing average turnaround time and maintained customer satisfaction at over 75%.
- Strengthening The Learn-i-Biz programme (director e-learning programme) improved to address system problems
- Experiential Learning (Substantive Search Examination) continued
- Over 50 education and awareness events
- SADC Registries inaugural virtual conference where 15 jurisdictions shared peer learnings
- Phase 1 of the InvestSA/World Bank reduction efforts concluded – CIPC played an integral role through the introduction of Bizportal

Q1 OVERVIEW – OVERALL PERFORMANCE

- For the 2022/23 Quarter 1, 17 (68%) of the 25 quarterly targets were achieved.

Q1 OVERVIEW – PROGRAMME PERFORMANCE

- For Programme 1, 8 (57%) out of the 14 quarterly targets were achieved
- Programme 2, 6 (86%) of the seven (7) quarterly targets were achieved
- Programme 3, 3 (75%) out of four(4)of the quarterly targets were achieved.

Q1– KPI'S NOT ACHIEVED

- The Employee Performance Management Policy was not approved within the 1st Quarter as originally intended but rescheduled for the Q2
- The turnaround time for Facebook queries was not met in Q1 as more customers migrate to the use of social media
- The availability of ICT systems
- Processes identified for automation could not be implemented due to lack of resources. Targeted for Q2
- API Gateway and Management Platform not implemented but targeted for Q3 to organisational prioritisation
- Five(5) IP enforcement activities were targeted for Q1 but only four(4) could be implemented . During Q2 the additional intervention will be implemented
- The Q1 milestone (Research Report and Requirements Document) was not fully achieved, however the activities below were achieved laying foundation for the two deliverables.
 - Internal Multi-Disciplinary Steering Committee Set up and approved;
 - Business Case translated and registered as a Project;
 - Training and capacitation of Steering Committee;
 - Best practice requirements document sourced as feedback from Open Ownership;
 - Internal and External Engagement with international experts

CORPORATE REGISTRATIONS

- The number of new company registrations 104 031 processed
- There has been a noticeable increase in the number of registrations for new co-operatives (2 123)
- We approved more than 36 000 Director Amendments
- 3 850 e-services applications and 2 119 for manual member changes applications were approved .
- 3 017 Change of Auditors or Company Secretary applications were approved

BUSINESS RESCUE

- Twenty-one (21) Business Rescue Practitioners licenses were issued and seventy-eight (78) appointments made during the period under review.
- Sixty-five (65) companies and close corporations commenced business rescue proceedings during quarter 1.

XBRL PROGRESS

- During Q1 of 2022/23 the focus of the XBRL Programme was mainly twofold; to stay abreast with the latest developments of accounting standards (by starting work on the CIPC taxonomy to incorporate the latest release of IFRS), and to extend the CIPCs reach of digital regulation by launching a pilot project for Co-operatives to start using XBRL.
- In terms of XBRL filings, for Q1 as on 30 June 2022, the following filing statistics were observed:
 - Total number of filings since implementation of XBRL = 53 197
 - Total number of unique filings since implementation of XBRL = 25 617
 - Total number of filings for Q1 2022/23 = 2 930
 - IFRS-Full filings since implementation of XBRL = 26 699
 - IFRS-SME filings since implementation of XBRL = 26 475
 - GRAP filings since pilot implementation of GRAP = 21
 - Co-operative filings since pilot implementation of Co-ops = 2

PROSPECTUSES

- The prospectus stream also administers Employee Share Schemes as prescribed in the Companies Act and for Q1, 11 CoR46.1 filings were made, there were also Annual Certificates of Employee Share Schemes, which were filed using CoR46.2, the volume of which was 13 during Q1.

CORPORATE EDUCATION AND AWARENESS

- Virtual and physical sessions held (50)
 - Deputy Minister Information Sharing Session at the eDumbe Local Municipality in Kwa Zulu Natal. During the event a presentation was made on CIPC products and services and the public was assisted with CIPC services.
 - Forged a strategic partnership with National Youth Development Agency and at least two sessions were held which allowed CIPC to disseminate IP information to the youth from nearby townships such as Atteridgeville, Mamelodi, Soshanguve and Hammanskraal. The audience consisted of young women who were encouraged to invade the entrepreneurial space using IP as a tool.
 - Crucial activities included relooking at the future of the CIPC's enforcement structures tools and offerings. CIPC is one of the main players that ensure proper alignment of strategic direction throughout IP enforcement agencies.
 - Workshops with Collecting Societies
- Improvements on the Director E-learning Platform

IP EDUCATION AND AWARENESS

- CIPC adopted a hybrid model of having intellectual property education sessions with its strategic partners
- CIPC in collaboration with its strategic partners successfully celebrated the World IP Day at the University of Mpumalanga in April of 2022 under a Theme: “ IP and Youth”. Radio 2000 broadcasted the event which included the roadshow in Mbombela to target the local citizens
- CIPC also secured a strategic partnership with the National Youth Development Agency (NYDA) which provided the residents from black townships such as Mamelodi, Atteridgeville, Soshanguve and Hammanskraal with IP information. Women dominated the audience
- NYDA has adequate geographical presence to enable CIPC to ensure a broader reach.

HIGHLIGHTS

- During 2021/22, the organisation introduced Artificial Intelligence through a ChatBot on its website. The bot is being refined.
- CIPC hosted a SADC virtual conference with registries from within the SADC region the SADC sub-region, viz. Mozambique, Angola, e-Swatini, Malawi, Zimbabwe as well as delegates from the Indian Ocean Islands of Seychelles and Mauritius and delegates from Nigeria and Gambia on the:
 - relevance of corporate registries during the COVID19 Pandemic,
 - the use of technology to improve compliance,
 - progress on beneficial ownership and
 - IP enforcement in a digital environment.

TRAINING AND CAPACITY BUILDING OF LAW ENFORCEMENT PARTNERS

- Hosted training and capacity events for partners on the African Continent as part of the AfCFTA outcomes, cooperation and sharing best practise.
- Ensure public health and safety by taking illicit counterfeit goods off the market. Build enforcement capacity in the online space.
- Combating online piracy – establishing partnerships with Masterplan Industries especially the creative sector.

IP EDUCATION AND AWARENESS PROJECTS Q1 2022

"..... there is no single solution for financing SMMEs, but in institutional diversity there will be greater support for innovative firms. Governments should support the responsible growth of these innovative institutions and financing mechanisms."

SMME Entrepreneurs

IP enforcement fosters higher levels of investment especially in the creative content areas such as Films Music and software programmes.

Women in IP and business.

Training to students women and SMME's lead to sustainable businesses that can rely on IP for growth and has respect for IP Training and Capacity Building of Law Enforcement Partners
Women in IP with an internal and external focus

African counterparts

CIPC was involved in training for countries in Africa, including SADC, SACU and other West African countries.

AfCFTA will require new alliances and partnerships on IP enforcement in Africa

PATENTS AND DESIGNS

- CIPC received 3 551 patents applications (3 126 Foreign applications and 425 local applications)
 - This is significantly higher than patent applications received in the same quarter last year (2 363 applications were received in Quarter 1 of 2021/22 i.e an approximately 50% increase in the number of applications).
- 440 designs applications (250 Foreign and 190 Local Applications) during the Quarter 1 of 2022/23.
 - Similarly the number of design applications received in Quarter 1 of 2022/23 is also higher than the number of applications received in Quarter 1 of 2021/22 (407 applications were received in Quarter 1 of 2021/22, this is an approximately 10% increase in the number of design applications).
- CIPC issued 2 694 patent certificates,
 - this is an increase of over 100% in comparison to Quarter 1 of 2021/22 where 1 185 Patent Registration Certificates were issued.
- 507 designs registration certificates were issued in quarter 1 of 2022/23;
 - this is also a marginal increase in comparison to 369 design registration certificates issued in Quarter 1 of 2021/22.

TRADE MARKS

CIPC Services	Number/Average Turnaround Time (ATAT)	Quarter 1
Trade marks applications	Number	9,672
	ATAT	96,2% compliance
	SDS (3 working days)	3 days
Trade marks registrations	Number	9,002
	ATAT	69% compliance
	SDS (90 days + 90 days)	180 days
Trade Marks Official Action	Number	6,845
	ATAT	99,4% compliance
	SDS (12 months)	12 months
Trade mark Renewals	Number	7,047
	ATAT	97,3% compliance
	SDS (3 working days)	3 days

CHALLENGES DURING THE QUARTER

- The **downtime of the Department of Home Affairs link** impacts on the verification of customers and delays CIPC customers from transacting
- **Eskom Load Shedding** impacted the Service Centres across the country and partners sites
