

Dear THRIP Client,

Please take note that the contract for the technical experts or consultants that do applications due diligence and claims verifications on all THRIP applicants has expired. **the dtic** is in the process of appointing a new panel. In the interim we are therefore unable to make any payments for milestones 2 upwards as they are dependent on the independent verifications by the consultants.

You are welcome to submit your claims to thripclaims@thedtic.gov.za which will be processed in the meantime, but which will only be paid once the consultants have been appointed.

We request your indulgence and do understand the cash flow pressure you may experience during this time due to the delays, and are doing our level best to remedy the situation.
