

Emerging growers and exporters are welcome to join an online masterclass designed to enhance their understanding of the requirements and best practices for ensuring that their plant-based products align with EU standards

OVERVIEW

In partnership with the Department of Trade, Industry and Competition, the EU-funded EU-SADC EPA Support Programme is hosting an online masterclass to provide emerging growers and exporters in the agricultural sector with a deeper understanding of the Economic Partnership Agreement, the requirements for exporting plant-based agricultural produce to the EU and general EU market access requirements.

The training will cover the following:

Overview of the EU-SADC EPA trade agreement

New EU regulations that require additional compliance for agricultural exporters

Basic principles for exporting plant-based products to the EU: export processes, food safety requirements, regulatory authorities, good agricultural practices, etc.
