1. **INFORMATION FOR WORKING VESSELS (BOATS) DESIGNATION**

1.1. The specifications and stipulated minimum threshold percentages and requirements for local production and content in respect to Working Vessels (Ships/Boats) are as follows:

1.1.1. Table 1 indicates the stipulated minimum local content for Complete Working Vessels (Ships/Boats):

Table 1: Complete Working Vessel (Ships/Boats)

Product	%Local content
Working Vessels	60%

1.2. Table 2 provides the stipulated minimum threshold for local content and production for Working Vessels (Ships/Boats) categorised by components.

1.3. To ensure that local production and content is discharged on manufacturing activities, the following components which have been designated must be included in bid invitations:

Table2: Complete working vessels (Ships/Boats)
