# Potchefstroom College of Agriculture Workshop

#### **Student Exposure Workshop**

#### **NETSHISWINZHE MASHUDU**

the dtic - together, growing the economy

the dtic Customer Contact Centre: 0861 843 384 the dtic Website: www.thedtic.gov.za

#### **INNOVATION AND TECHNOLOGY**

 Develop, implement policies and instruments that support technology development and commercialisation for industrial innovation and competitiveness

the dtic - together, growing the econo ...,

the dtic Customer Contact Centre: 0861 843 384 the dtic Website: www.thedtic.gov.za

#### **INNOVATION**

- New and unique products or processes that may be *incremental and radical*.
- Product to be considered innovative, the following should be considered:
  - Functionally unique and advanced
  - Efficient
  - -Low cost
  - Substantial improvement of the original process

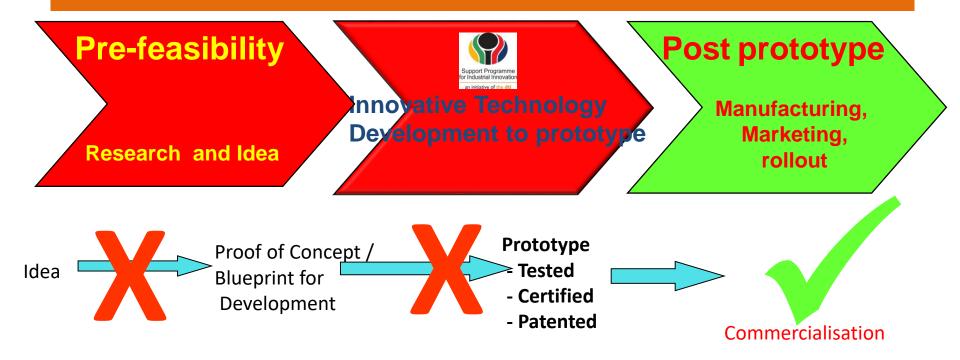

#### **PROBLEM STATEMENT**

- Most innovators remain nameless and faceless
- Lack of understanding on technology commercialisation
- Low conversion rate of ideas into commercially viable goods, services and enterprises
- High unemployment rate especially among previously disadvantaged

# KHOEBO INNOVATION PROMOTION PROGRAMME

- *KIPP is an instrument of the dtic and administered by the IDC*
- To enable early stage innovative SME's to **penetrate the market** with their locally developed innovations resulting in a more competitive economic environment.
- KIPP support commercial segment (TRL8-9)
- It is targeting innovators across the country:
  - Rural
  - Township
- It offers both financial and non financial support.
- Two Schemes:
  - SME Growth Scheme
  - Grassroots Innovator Facilitation Scheme

### **SME GROWTH SCHEME**

- Provides funding for early stage SMEs offering innovative products, processes and technologies which have the potential of having a significant developmental impact on the South African economy.
- SMEGS uses the following investment instruments:
  - Subordinated loan
  - Equity
  - Small portion of grant funding.

# SME GROWTH SCHEME CRITERIA

- Innovation: The project should be a novel or incremental innovation.
- Functional prototype.
- IP Rights: the intellectual property **must be owned by the South African** entity.
- Jurisdiction: The company must be a South African registered company.
- Market: The project or product **should have a defined target market and potential for future earnings and market share**.

## SME GROWTH SCHEME

- 1<sup>st</sup> round investment of a Min R 1m & Max of up to R 7m.
- Qualifying costs:
  - Working capital (inventory, pay short-term debt, and day-to-day operating expenses).
  - Assets (land and building, vehicles and machinery)
  - Business support (Training, technical support, coaching and mentoring)
  - Operational costs (rent, payroll, utility costs, traveling and marketing costs)
- 16 % of operating loan may be converted to a grant if:
  - SME is located within a Government IP or;
  - Uses government funded production facilities for a period of at least 24 months.
  - HDI
- The term of the funding will be medium to long term.

# GRASSROOTS INNOVATOR FACILITATION SCHEME

- **Grassroots Innovator is a** "networks of activists generating novel bottom up solutions for sustainable development; solutions that respond to the local situation and the interests and values of the communities involved".
- Two types of grassroots innovators:
  - Conventional innovators Adapt existing technologies
  - Traditional innovators -using traditional knowledge (health, food and water)
- **Grassroots Innovator Facilitation Scheme**: Offers both financial and nonfinancial support to stimulate the economic activity of GI's particularly in **rural and township communities**.
- GIFS uses the following investment instrument
  - Grant funding (100%)- not cost sharing fund.
  - 1<sup>st</sup> round funding of up to R 700 000.00.
  - 2<sup>nd</sup> round funding will be subjected SMEGS conditions.
- The term of the fund will be 1 to 2 years.
