REPUBLIC OF SOUTH AFRICA

## THE NATIONAL ASSEMBLY

### QUESTION FOR WRITTEN REPLY

#### QUESTION NO. 3538

**Dr C P Mulder (FF Plus) to ask the Minister of Trade, Industry and Competition:**

- (1) Whether his department has appointed any consultants (a) in the past two years and (b) from 1 April 2025 up to the latest specified date for which information is available; if not, what is the position in this regard; if so, (i) which consultants, (ii) for what contract periods and (iii) at what amounts in each specified year and/or period;
  - (2) whether any of the specified consultants were appointed to assist his department in the execution of its mandate as a result of insufficient capacity due to vacancies; if not, what is the position in this regard; if so, which consultants, for what contract periods, at what amounts in each specified year and/or period and what would it cost annually to fill such vacancies;
  - (3) (a) for what purposes, other than the filling of vacancies, were consultants appointed, (b) which consultants were appointed in this regard, (c) for what contract periods and (d) at what amounts in each specified year and/or period?
- NW4029E

#### REPLY:

- (1) (a) and (b) The Department has appointed consultants for the past two years, and from 1 April 2025 up to date, the details are attached as **Annexure A**.

(i), (ii), (iii)

The consultants appointed, contract period and contract amounts are included in the **Annexure A**.

(2)&(3)

The main purpose for appointing consultants was to supplement the existing skills within the Department. While **the dtic** is staffed with qualified personnel, the consultants were brought in to provide specialised knowledge, technical expertise, or additional capacity for specific projects or initiatives.

The consultants were not brought in to replace existing staff, but rather to offer focused support that enhanced the Department's internal capabilities. Their contribution allowed **the dtic** to tap into current industry best practices, gain valuable external perspectives, and advance work on complex or time sensitive projects more efficiently.
