

Gauteng Province

Gauteng Enterprise Propeller

The Gauteng Enterprise Propeller (GEP) is a provincial government agency established in 2005 under the auspices of the Department of Economic Development to provide non-financial support; financial support; and co-ordinate stakeholders for the benefit of Small Medium and Micro Entrepreneurs (SMME's) in Gauteng.

The Provincial Government's decision to establish GEP as an agency that will support the establishment, growth and sustainability of SMME's in the Province was informed by two key strategic objectives:

- Commitment to halving poverty and unemployment in the country
- Ensuring increased and meaningful participation of SMME's and BBBEE in mainstream economic activities

GEP's Strategic Priorities

GEP has identified six Strategic Priorities towards fulfilling its role, achieving its goal and delivering on its mandate. These are:

- Provision of efficient and timely financial support to SMMEs towards facilitating their development
- Provision of efficient and timely business development support to SMMEs towards increasing their professionalism and sustainability
- Contribute to the creation of an enabling environment for SMMEs growth and sustainability
- Identify business opportunities and enhance business facilitation and business partnerships for, and between SMMEs
- Facilitate increased SMME participation, including of women, youth and people with disabilities, in the Province's economic growth sectors and GPG's priority socio-economic development projects
- Ensure effective and efficient management of GEP
