GLOBAL ECONOMIC OVERVIEW

Outlook

- ❑ Global growth is projected at -3.0% in 2020 and to increase to 5.8% in 2021.

Risk to the Outlook

- ❑ The outbreak of the COVID-19 pandemic and the rapid spread thereof;
- ❑ South Africa (SA) is likely to feel the effects of COVID-19 from both domestic and international fronts;
- ❑ Higher tariff barriers and renewed tensions between the United States and China;
- ❑ Constrained fiscal space in the Emerging Market and Developing Economies (EMDEs); and
- ❑ Natural disasters imposing severe humanitarian costs and livelihood loss regions – i.e. tornados, tropical storms, floods, heat waves, droughts, and wild fires.

	WEO April 2020 Forecast		
% y-o-y	2019	2020	2021
Global GDP	2.9	-3.0	5.8
Advanced economies	1.7	-6.1	4.5
Emerging market and developing economies	3.7	-1.0	6.6
Sub-Saharan Africa			
United States	2.3	-5.9	4.7
Euro Area	1.2	-7.5	4.7
Japan	0.7	-5.2	3.0
China	6.1	1.2	9.2
Brazil	1.1	-5.3	2.9
Nigeria	2.2	-3.4	2.4
South Africa	0.2	-5.8	4.0

GLOBAL ECONOMIC OVERVIEW

- ❑ Real gross domestic product (GDP) contracted by 0.6 % in 2019Q3 and further contracted by 1.4% in 2019Q4 pushing the economy into a technical recession;
- ❑ It is for the first time since 2010 the SA economic growth has shrunk in the fourth quarter;
- ❑ The 2019 annual GDP growth was just 0.2%;
- ❑ Sharp dips in manufacturing, electricity, transport and construction were the contributors to the negative growth in the fourth quarter;
- ❑ It seems even the “Black Friday” phenomena did not help the trade sector as it declined by 3.8% in 2019Q4; and
- ❑ Although mining had made slight positive contributions, this did not outweigh negative contractions recorded by other sectors such as manufacturing, construction and electricity.

Source: Stats SA

SA'S GDP GROWTH PROJECTIONS REVISED DOWNWARD

Risks to Domestic Growth

- ❑ International Monetary Fund (IMF) and World Bank (WB) (April 2020 publications), reduced South Africa's GDP growth prospects for 2020 to -5.8% and to 4.0% in 2021;
- ❑ The South African Reserve Bank (SARB) in its Monetary Policy Statement released in May 2020 also revised its growth projections down to -7.0% in 2020 but expected a rebound of 3.8% in 2021 and 2.9% in 2022; and
- ❑ Against the backdrop of weaker global growth fundamentals and significant domestic constraints such as the outbreak of the Coronavirus [COVID-19]; constrained fiscal outlook; and higher tariff increases, South Africa's real GDP growth is set to remain under pressure for the foreseeable future.

the dti Website: www.thedti.gov.za

GROSS FIXED CAPITAL FORMATION DIPPED

- ❑ Despite dismal GDP data, the gross fixed capital formation rose by 4.1% in 2019Q3 only to record a decline of 10% in 2019Q4;
- ❑ The main contributors to the decrease in 2019 Q4 are all the three organisations - private business enterprises (-10.3%), public corporations (-0.3%) and general government (-17.6%);
- ❑ Real capital expenditure by general government receded by 17.6% 2019Q4 marking the seventh consecutive quarterly contraction; and
- ❑ From the asset front, all components declined with the exception of Transfer costs, which increased by 4.6% in the Q4.

JOBS CREATED IN Q4 2019

Employment Gain Drivers

- ❑ 45 000 (q-o-q) jobs created in 2019 Q4 – resulting in total employment of 16.4million;
- ❑ Of the 10 sectors, 6 registered q-on-q employment growth in 2019Q4;
- ❑ The private household sector remained unchanged; and
- ❑ However, on a year-on-year (y-on-y) basis, the South African economy lost 108 000 jobs.

Employment gains were mainly driven by Services (113 000), Finance (76 000), Transport (36 000) and Construction (12 000).

the dti Website: www.thedti.gov.za

Q4 2019 EMPLOYMENT LOSS DRIVERS

- ❑ Only three sectors experienced employment losses.
- ❑ Trade sector suffered the biggest loss, shrinking by 159 000 jobs.

Employment losses were mainly driven by Trade, Manufacturing and Utilities.

Quarter-on-quarter
employment changes:
Losses

Q4 2019 SA TRADE SURPLUS WITH THE WORLD

- ❑ South Africa's trade balance with the rest of the world recorded a surplus of R23 billion in 2019Q4 from R5 billion 2019Q3;
- ❑ The trade surplus resulted from an increase in the value of net gold and merchandise exports, alongside a contraction in merchandise imports;
- ❑ Exports increased, driven largely by the demand for citrus in the European market and also a sharp rise in the international prices of PGMs and iron ore; and
- ❑ Imports contracted as a result of the decline in the value of imported minerals, in particular, crude oil amongst others.

the dti Website: www.thedti.gov.za

Q4 2019 SA TRADE SURPLUS WITH AFRICA

- ❑ Exports to Africa amounted to R93 billion in Q4 of 2019 while imports from the region amounted to R41 billion resulting in a trade surplus of R51 billion;
- ❑ However, South African exports to the continent were largely driven by preferential trade arrangements in Southern Africa region (SADC & SACU);
- ❑ With opening of markets in Africa through the Continental Free Trade Area, higher export penetration to other sub-Saharan African economies is anticipated; and
- ❑ In an effort to expand trade beyond the SADC region, the government, amongst others, is developing master plans for key industries to be implemented to take advantage of opportunities the continental free trade area brings along.

Q4 2019 SA TRADE DEFICIT WITH BRICS WIDENED

- ❑ South Africa's trade with other BRICS countries has been dominated by China: export (R35 billion) and import (R58 billion) followed by India: export and import same value of R16 billion each in 2019Q4. The total trade with BRICS was R 134 billion in 2019Q4;
- ❑ Despite this progress, SA recorded a huge trade deficit with its BRICS counterparts valued at R26 billion in 2019Q4;
- ❑ The increase in imports, particularly manufactured imports from BRICS remains four times greater than that of exports on average;
- ❑ This disparity is reflected in the country's trade balance, which has been consistently negative; and
- ❑ With stronger & more effective interaction at the governmental level & greater private sector participation, intra-BRICS trade could increase significantly resulting in considerable economic gains for the South African economy.

GOVERNMENT INTERVENTIONS

To improve growth prospects for the domestic economy, interventions include amongst others:

- ❑ Implementation of the R500 billion COVID-19 economic recovery package;
- ❑ The implementation of the Automotive Sector, Poultry Industry and Retail - Clothing, Textiles, Leather and Footwear Industries Master Plans, while others are being developed;
- ❑ The implementation of the Integrated Resource Plan 2019, which will open the way for considerable investments in renewable energy generation (particularly wind power) and related components manufacturing;
- ❑ The implementation of investment projects announced at the second Investment Conference in 2018 and 2019;

GOVERNMENT INTERVENTIONS

- ❑ Taking advantage of opportunities brought about by the coming into effect of the African Continental Free Trade Area (AfCFTA) Agreement;
- ❑ The implementation of the public sector's localisation drive, including improved enforcement of product designations;
- ❑ The implementation of the Re-Imagined Industrial Strategy;
- ❑ The implementation of the Special Economic Zones (SEZs) policy and the revitalisation of Industrial Parks; and
- ❑ The implementation of the Black Industrialist Programme.

the dtic STRATEGIC IMPERATIVES

Vision

A dynamic industrial, globally competitive South African economy, characterised by meaningful economic transformation, inclusive growth and development, decent employment and equity, built on the full potential of all citizens.

Mission

- Promote structural transformation, towards a dynamic industrial and globally competitive economy;
- Provide a predictable, competitive, equitable and socially responsible environment, conducive to investment, trade and enterprise development;
- Broaden participation in the economy to strengthen economic development;
- Continually improve the skills and capabilities of **the dtic** to effectively deliver on its mandate and respond to the needs of South Africa's economic citizens;
- Co-ordinate the contributions of government departments, state entities and civil society to effect economic development; and
- Improve alignment between economic policies, plans of the state, its agencies, government's political and economic objectives and mandate.

Values

- Promotes the Constitution – with special reference to the chapters on human rights, cooperative governance and public administration;
- Promotes decent work outcomes (more jobs as well as better jobs), industrialisation, equitable and inclusive growth and social inclusion;
- Operational excellence – service delivery standards, international best practice, Batho Pele Principles, continuous improvement and ethical conduct;
- Intellectual excellence – continuous shared learning, innovation, relevant knowledge and skills improvement and knowledge management; and
- Quality relationships – improved and continuous communication, honesty, respect, integrity, transparency, professionalism, ownership, leadership and teamwork.

INDUSTRIAL DEVELOPMENT

SG 1: Facilitate transformation of the economy to promote industrial development, investment, competitiveness and employment creation

Agro Processing Sector:

- ❑ A 62% bone-in chicken portions and 42% boneless portions import tariff was Gazetted in March 2020 to curb poultry imports as per Master Plan agreement;
- ❑ Biofuels Regulatory Framework was Gazetted in February 2020 and incorporated sugarcane; and
- ❑ **the dti** in conjunction Proudly South Africa support the buy local campaign. Makhamisa Foods, a condiments manufacturer funded through Industrial Financing, created a local sustainable value chain through its 95% locally sourced raw materials, 90% plant machinery being locally sourced, and youth employment. 26 direct jobs and 59 indirect jobs were created – with 80% of the company workforce being youth and 60% of management youth.

TRADE, INVESTMENT AND EXPORT

SG 2: Build mutually beneficial regional & global relations to advance South Africa's trade, industrial policy & economic development objective

- ❑ Export sales of R6, 861 million recorded against a target of R950 million;
- ❑ A total of 160 companies assisted under the Export Marketing and Investment Assistance Scheme (EMIA);
- ❑ Achieved investment pipeline of R 19, 967 billion against the target of R15 billion;
- ❑ 168 companies benefitted from Global Exporter Passport Programme (GEPP) training against the target of 160;
- ❑ A total of 120 clients assisted with export information through Export Help Desk against the target of 150; and
- ❑ 8 Awareness Raising and Capacity Building workshops conducted against the target of 9, 4 in Gauteng, 1 in Free State and 3 in the Western Cape.

TRADE, INVESTMENT AND EXPORT

SG 2: Build mutually beneficial regional & global relations to advance South Africa's trade, industrial policy & economic development objective

- ❑ A successful hybrid Outward Selling Mission (OSM) to Germany and Biofach was undertaken to showcase and promote organic products in Nuremberg. A total of 16 SMMEs participated in this OSM. A total of 231 trade leads were generated during this OSM and export sales worth R270 000 were generated on the stand during Biofach. An estimated +-R10,8 million will be generated 6 months after Biofach;
- ❑ 6 Technical Working Group sessions conducted on the Ease of Doing Business; and
- ❑ 4 Ease of Doing Business Sensitisation Workshops conducted.

TRADE, INVESTMENT AND EXPORT

SG 2: Build mutually beneficial regional & global relations to advance South Africa's trade, industrial policy & economic development objective

- ❑ During the UAE-Saudi OSM:
 - ✓ Number of companies assisted: 14;
 - ✓ On the spot sales: R2,252 million;
 - ✓ Trade leads generated: 119; and
 - ✓ 6 Months projected export sales: R29,552 million.

- ❑ Successful participation at Prodexpo 2020 in February 2020 as part of a hybrid OSM to Russia. Export sales conducted during the exhibition amounted to R237, 600 and the sales orders expected for the next 6 months amount to R3,110 million. A total of 138 trade leads were obtained by the 13 participating SA companies during the show.

the dti Website: www.thedti.gov.za

SPECIAL ECONOMIC ZONES AND ECONOMIC TRANSFORMATION

SG 3: Facilitate broad-based economic participation through targeted interventions to achieve more inclusive growth

Broad-Based Black Economic Empowerment (B-BBEE)

- ❑ The Equity Equivalent Investment Programme (EEIP) Business Plan for JP Morgan, a US multinational was approved in March 2020. The company's EEIP shall entail financial support to Black Owned Enterprises in financial, industrial, health and green sectors.

SPECIAL ECONOMIC ZONES AND ECONOMIC TRANSFORMATION

SG 3: Facilitate broad-based economic participation through targeted interventions to achieve more inclusive growth

Industrial Parks (IP)

- ❑ Completed refurbishment of the Digital Hub in Botshabelo IP; and
- ❑ City Support Programme (CSP) implemented in the City of Tshwane (Hammaskraal) and Babelegi IP forms part of the initiatives of enhancing production efficiencies of companies in the IPs.

SPECIAL ECONOMIC ZONES AND ECONOMIC TRANSFORMATION

SG 3: Facilitate broad-based economic participation through targeted interventions to achieve more inclusive growth

Industrial Parks

- ❑ Vulindlela IP falls within the pilot initiative implemented in OR Tambo District; and
- ❑ Implemented RECP (Resource Efficiency and Cleaner Production) in Ekandustria IP and Phuthaditjhaba IP within the objectives of enhancing production efficiencies of companies in the IPs.

SPECIAL ECONOMIC ZONES AND ECONOMIC TRANSFORMATION

SG 3: Facilitate broad-based economic participation through targeted interventions to achieve more inclusive growth

Industrial Parks

- ❑ Attained inclusion in the global Eco-Industrial Park Programme (GEIP), driven by United Nations Industrial Development Organisation (UNIDO) and funded through Swiss Economic Cooperation Organisation (SECO), resulting in international support and funding of about 1 million Swiss Francs through UNIDO on Resource Efficiency and Cleaner production (RECP) for the industrial parks for the next two and half years.

LEGISLATION AND REGULATION

SG 4: Create a fair regulatory environment that enables investment, trade and enterprise development in an equitable and socially responsible manner

- ❑ Companies Amendment Bill 2018, adopted in March 2020 by NEDLAC Secretariat through video conference meeting with all social partners;
- ❑ Copyright Amendment Bill and Performers' Protection Amendment Bill were passed but still awaiting President's decision. The NCOP adopted the Bills on 28 March 2019;
- ❑ 6 education and awareness campaigns in various pieces of legislation within the Division were conducted in Western Cape and Mpumalanga;
- ❑ The South African Government prepared a written submission for the GSP Country Review of South Africa submitted on 17 January 2020 to the United States Trade Representative (USTR). The USTR published a notice in the Federal Register for a public hearing and requested comments for the review, indicating it would focus on whether South Africa is meeting the GSP eligibility criterion requiring adequate and effective protection of intellectual property rights. The USTR has accepted a petition filed by the International Intellectual Property Alliance (IIPA); and
- ❑ On 31 January 2020, senior South African Government officials attended the GSP Hearing in Washington DC, delivering an oral submission and answering questions posed by Members of the GSP Sub-Committee.

ADMINISTRATION AND COORDINATION

SG 5: Promote a professional, ethical, dynamic and competitive and customer-focused working environment that ensures effective and efficient services delivery

- ☐ 100 % eligible creditor payments processed well within 30 days;
- ☐ Women in SMS at **54%** against quarterly target of **50%**;
- ☐ The number of people with **disabilities employed** is at **3.9%** against the target of **3.7%**; and
- ☐ Staff turnover is at **0.8%** against the target of **1.7%**.

REASONS FOR VARIANCE

- ❑ Impact of COVID-19 on departmental performance in Q4 resulted in:
 - Investments & incentives: Fewer applications with low investment value were received for the quarter due to economic downturn and COVID-19. This resulted in decreased number of new jobs supported from enterprises approved;
 - Low value of export sales generated;
 - Cancellation of trade initiatives due to COVID-19 pandemic and political unrest:
 - Outward Selling Mission to Brazil, Algeria, Tunisia and India were Cancelled; and
 - International Business Mission to Europe was also cancelled;
 - Cancellation of meetings and trade missions; and
- ❑ Shift in policy direction from the Industrial Policy Action Plan (IPAP) towards implementation of the Re-Imagined Industrial Strategy (RIS) through the development and implementation of Master Plans.

FINANCIAL PERFORMANCE

EXECUTIVE SUMMARY

1 April 2019

31 March 2020

Total dti budget	R10 084 727
Expenditure	R9 969 603
% spend	98.86%
Variance	1.14% or R115 124

This spending of 98.86% should be read within the context of the main cost drivers being transfers to incentives, which recorded 67.3% of the total expenditure, followed by transfers to departmental agencies at 13.3% and other transfers at 2.5%. Compensation of employees, goods and services, and payments for capital assets are 9.9%, 6.9% and 0.1 per cent respectively.

FINANCIAL PERFORMANCE

The department's underspending of 1.14% for the financial year ended 31 March 2020 was mainly due to the following:

Global outbreak of COVID-19

- ❑ The global outbreak of COVID-19 negatively impacted many areas of the department's business such as:
 - Scheduled trade export missions and pavilions planned for the last quarter of the financial year were cancelled by organisers;
 - Cancellation of many international events and fora in areas of trade and investment;
 - Delayed investment milestones by companies due to capital equipment that was ordered from abroad;
 - Delays in the delivery of ICT equipment which was scheduled to be delivered in March 2020; and
 - Delays in the receipt of vouchers timeously from the foreign offices for expenditure which negatively impacted the spending on compensation of employees as well as goods and services.

Filling of posts due to the merger of the dti and EDD

- ❑ The suspension in the filling of posts due to the merger of **the dti** and EDD had a direct impact on the spending on compensation of employees.

Delays in the listing of the B-BBEE Commission

- ❑ Some of the projects planned by the B-BBEE Commission had to be deferred due to their impending listing. This had a direct impact on the expenditure under Programme 3.

FOCUS 1: COVID-19 REGULATIONS

Report on the promulgation of Government Notices regarding the COVID-19 pandemic

The Department of Trade, Industry and Competition (**the dtic**) Minister, in consultation with the Competition and Trade Authorities, published the following Government Notices:

- ✓ Consumer and Customer Protection and National Disaster Management Regulations and Directions;
 - Enables the joint work on Price Gouging between the Competition Commission (CC) and the National Consumer Commission (NCC);
- ✓ COVID-19 Block Exemption for the Healthcare Sector, 2020;
- ✓ COVID-19 Block Exemption for the Banking Sector, 2020;
- ✓ COVID-19 Block Exemption for the Retail Property Sector, 2020;
- ✓ COVID-19 Block exemption for the Hotel Industry, 2020; and
- ✓ COVID-19 Export Control Regulation Government Notices.

Impact: Implementation of the regulations and directions protected consumers from excessive, unfair, unreasonable or unjust pricing of goods and services and maintained security and availability of the supply of goods and services during the national state of disaster.

FOCUS 2: PPS EXTENSION/EXPORT TAX

- ❑ Minister published a Government Notice on 24 May 2019 which extended the PPS until 31 March 2020:
 - This was to allow for the finalisation of a proposed export tax on ferrous and non-ferrous waste and scrap metal.
- ❑ "...proposed export taxes will apply to ferrous metals at the rate of R1 000 per tonne, aluminium at R3 000 per tonne, red metals at R8 426 per tonne, and other waste and scrap metals at R1 000 per tonne...Consultation will begin today (26 February 2020), to be concluded by the end of May 2020, for consideration in the annual tax bills." (Minister of Finance: Budget Review 2020, National Treasury, 26 February 2020, p43) – Annual Taxation Laws Amendment Bill (TLAB);
- ❑ It became necessary to further extend the policy directive on the PPS for another 9 months until 31 December 2020, to allow the Technical Team to complete its work on a proposed export tax on ferrous and non-ferrous waste and scrap metal;
- ❑ Public comments were sought via Government Notice No. 43058 dated 28 February 2020, on whether the Minister should grant an extension or not:
 - Public comments received, were mostly in favour of an extension; and
 - On 20 March 2020, in Government Notice No. 43123, the Minister extended the PPS for a further period of 9 months until 31 December 2020.

FOCUS 3: PRICE DISCRIMINATION & BUYER POWER REGULATIONS

- ❑ In February 2019, President Ramaphosa signed the Competition Amendment Act, 2018 (Act No. 18 of 2018) and in July 2019 the Minister promulgated certain sections of the Competition Amendment Act, 2018;
- ❑ Amendments seek to address persistent concentration and promote greater participation in the economy by SMMEs and companies owned by historically disadvantaged persons (HDP companies);
- ❑ The Competition Amendment Act required that regulations be established on the definitions of small business and medium-sized business, buyer power, and price discrimination;
- ❑ Purpose of these regulations is to:
 - provide for the benchmarks for determining the application of section 9(1)(a)(ii) to firms owned and controlled by historically disadvantaged persons; and
 - to set out the relevant factors and benchmarks for determining whether a dominant firm's action is price discrimination that impedes the participation of small and medium businesses and firms controlled or owned by historically disadvantaged persons.
- ❑ The Minister published the final Buyer Power Regulations and the Price Discrimination Regulations in Government Gazette Notice No. 43018 dated 13 February 2020.

HIGHLIGHT 4: INVESTMENT & INFRASTRUCTURE UNBLOCKING

Market access for Rhodes Foods Group products into the Walmart US market

- ❑ April 2019 Minister Patel hosted Ms Judith McKenna: Walmart International CEO;
- ❑ About 20 products/companies with export potential were presented to CEO; and
- ❑ Rhodes Foods Group, food canning company in Groot Drakenstein, Western Cape, subsequently listed as a supplier into Walmart US market and has since received first order: pear slices in heavy syrup, pear halves in juice & pear slices in heavy syrup.

Market access for Glenmart products into the US Walmart stores

- ❑ Glenmart, family-owned Christmas cricket manufacturing business in Ballito, KwaZulu-Natal (KZN), also listed as a supplier into Walmart US market and first order received.

Mondi OHS Statutory Inspection delay

- ❑ Mondi SA requested help to postpone (from starting on 23 March 2020 to no later than October 2020) annual routine shut down enforced by Department of Employment & Labour;
- ❑ Preventative maintenance, in terms of Occupation Health and Safety (OHS) Act Regulations, required Mondi Richards Bay Plant to be shut down for 2 weeks (26 March to 6 April 2020 – week 1 of national lockdown):
 - Possible impact on production of essential product (toilet paper);
 - Mondi is sole domestic producer of pulp which is an input in producing toilet paper – an essential item during COVID; and
 - Possible health hazard with additional contractors on site.

the dti Customer Contact Centre: 0861 843 384

the dti Website: www.thedti.gov.za

HIGHLIGHT 5: SOCIAL ECONOMY (SE) POLICY

❑ Background:

- Memorandum of Understanding (MoU) signed between the Government of South Africa, Government of Flanders and the International Labour Organisation (ILO) in 2017;
- SE Policy Draft Green Paper launched by Minister Patel in February 2019;
- Consultation on the Green Paper took place nationally between 27-28 February 2019 and provincially between August 2019 and November 2019 with over 1000 people consulted; and
 - Consultation sessions also involved provincial consultations as well as various stakeholders such in the legal and academic environments.

❑ Status:

- No-cost extension granted in February 2020 – project now to end March 2021;
 - Upcoming key work: Implementation Plans, White Paper finalisation;
- Process led by Deputy Minister Nomalungelo Gina: prior to the lockdown, the Free State and Northern Cape provincial administrations were consulted, and plans were in place for a visit to North West. This will continued virtually; and
- Part of Inter-Departmental task Team led by Department of Employment & Labour.

the dtic READINESS POST LOCKDOWN

❑ Social Distancing

- The Protocol requires that we observe the 1.5m social distancing in queues, open plan offices, pause areas, meeting rooms and lifts;
- Meeting rooms that do not have windows to allow for fresh air have been disabled;
- The capacity of common areas has been reduced to 50%;
- Staff planning, scheduling and rotation to allow working remotely and at offices is done at Directorate level; and
- Currently rolling out ICT Tools to enable staff to work remotely.

❑ Hygiene

- Temperature screening of employees and the public at the entrances;
- All employees and public to wear masks before entering offices;
- Hand sanitisers provided at entrance points;
- The Offices have been disinfected. Deep Cleaning has commenced and will be completed in May 2020;
- Frequency of cleaning common areas like door knobs, hand rails, toilets, etc has been increased to 5 times;
- Hand sanitisers are provided next to lift areas and in offices. Staff encouraged to wash hands with soap or use hand sanitisers frequently;
- Workstations are cleaned with disinfectant daily and we are in the process of procuring disinfectant wipes;
- Paper Towels are provided in the bathrooms. In the process of procuring wall mounted ones;
- Biometrics and scanning cubicles have been disabled;
- Face masks are provided to staff. In the process of procuring cloth masks, procurement process by National Treasury not agile;
- Filters of air conditioners to be cleaned and air conditioners to be reprogrammed to allow for more fresh air; and
- Plants in offices to be increased to allow for more oxygen.
